

Red Lobster

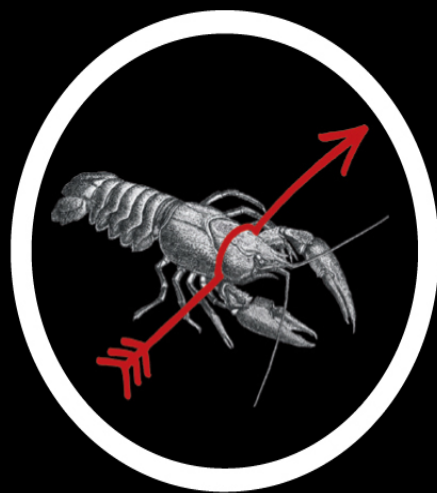

Save the lobsters! Don't be shellfish!

Xenophon Binopoulos

What is *Red Lobster*?

Red Lobster is a non-governmental organization (N.G.O) whose aim is to help reduce the illegal catching and fishing of lobsters and preserve some endangered lobster species in the Mediterranean sea.

KILLING MY LOBSTER

Means of the organisation:

Funding: People (lobster lovers) are able to provide funds to the organisation through our website.
(www.redlobster.org)

Groups: We have established 15 groups which are located in various Mediterranean countries promoting the organisation's objectives.

Partnerships: We are currently cooperating with research centres throughout Europe, institutes and universities.

Activities:

- Informational campaigns in order to raise awareness.
- Participation in research projects.
- Establishing lobster farming units.
- Cooperating with coastal and marine police for the elimination of illegal fishing of lobsters.

The organisation:

- The headquarters of the organisation are in Heraklion, Crete.
 - *Red Lobster* employs 56 full time and 126 part time personnel*.
 - *The organisation has branches in 8 Mediterranean countries (France, Spain, Italy, Greece, Israel, Algeria, Malta, Jordan and Portugal).*
- * *The majority of the personnel are marine researchers and academics specialized in ecology and preservation of species.*

Future Plans:

- Expand to all Mediterranean countries.
- Raise additional funds from private offerings and participation in subsidized projects.
- Further raise awareness.
- Build more lobster farming units.
