Leslie's diary and entry on the first day of school

10 September

Dear diary!!!

Today was the first day at school and I met Jess, a boy in my neighbourhood. I felt so happy . All the students made fun of me because of my clothes. That didn't bother me. At school we had running races and I took part in them. What's more, I became the fastest child in 5th grade.

Goodnight ,
Leslie
