

# My dream house

---

## **THIS IS MY DREAM HOUSE**

**My house will be near the city of Chicago. I imagine it with a big pool and a big garden. The garden will have many sunflowers, tulips and green grass. Also, it will have lemon trees. Inside it will have 2 floors. The main floor will have a living room, a kitchen, 3 bathrooms and a dining room. In the living room there will be**

**an aquarium which will be in the middle of the room, so all the visitors can see it. The first floor will have 3 bathrooms, 4 bedrooms, a playroom and a balcony with the city view.**

**This house will bring me, my friends and my family a lot of happiness and joy.**
