

MY DREAM HOUSE

By Dimitris Tsiopelas

My dream house is under the sea
water, it looks like a submarine.
It's made of glass and I can watch from
the inside the wonderful sea bottom.

The house has two floors.

On the ground floor there is a huge living room and next to it, there are the dining room and the kitchen.

On the top floor there is my bedroom and a big bathroom.

I enjoy spending time with my friends.
We usually play lots of games, and
relax observing the sea world.
