

KYRIE IRVING

LIFE AND NBA

- ▶ My role model is a basketballer called Kyrie Irving. Kyrie Irving was born in Melbourne , Australia in 1992 and he is half- American and half- Australian. He plays in the NBA and he is the point guard of the Cleveland Cavaliers. He was selected in the first pick of the 2011 NBA draft.

PHILANTHROPIES

- ▶ Irving is only twenty -two years old, but he has already participated in many philanthropies and good things that help poor or sick people. To begin with, three years in a row, he has been giving the one third of his salary to poor and homeless people. He has also given much money to a hospital for children that suffer from cancer.

- 
- I chose to write about him because he is a good person both inside and outside the court.
