MY ROLE MODEL IS...

- I think that [Oprah Winfrey](#) is a role model to a lot of kids and adults. She is very talented you know.

OPRAH WINFREY!

Oprah's Angel Network[®]

- She has created a site, called <<Oprah's Angels Network>>. With this site she helps people that really need help.

She has also created an organization, called <<Leadership Academy for Girl in South Africa>>.It helps girls to learn more things, because some of them don't go to school and only do the housework!

I hope I'll become like her one day, because she is very cheerful , irresistible and a philanthropist.
