# George Clooney!!!

The person who I really admire is George Clooney. Although he is pretty old, he is a very talented actor, movie producer and a writer too. He's also a very handsome man and glamorous.

# George Clooney!!!

He wears very fancy clothes or nice suits. He is also tall. He is always convincing in the movies that he acts and in every single one of them he gives a fantastic performance!

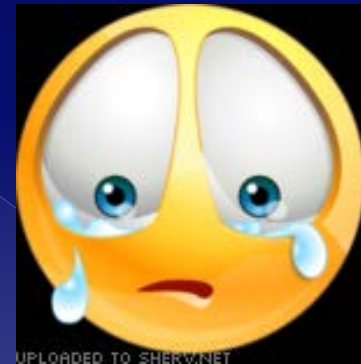

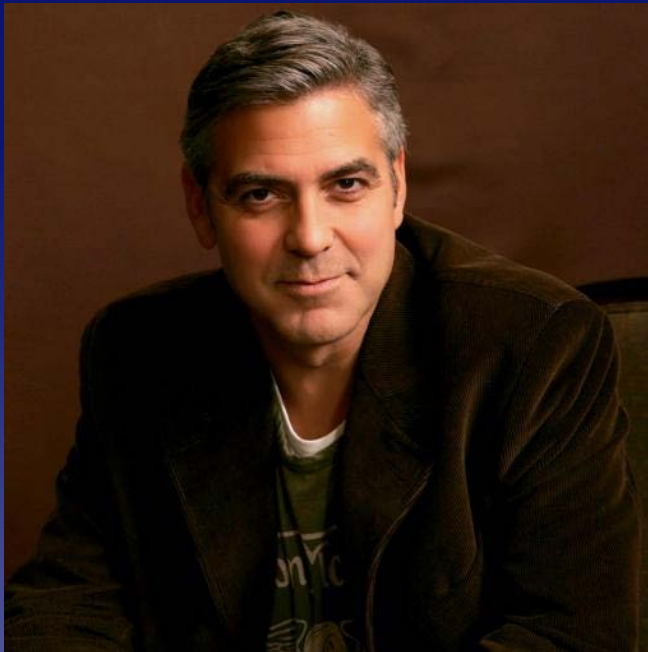

# George Clooney!!!

One of the most famous movies he produced and was a leading actor in is Ocean's Eleven, which is also my favourite movie.

# George Clooney!!!

The only thing I don't like about him is that he is so impatient that he didn't wait until I grow up so that he'll marry me...

# George Clooney!!!

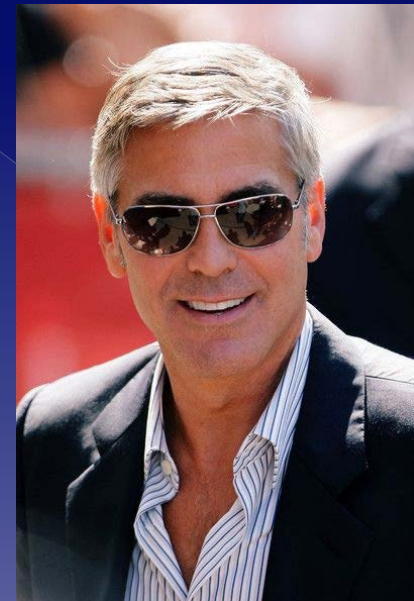

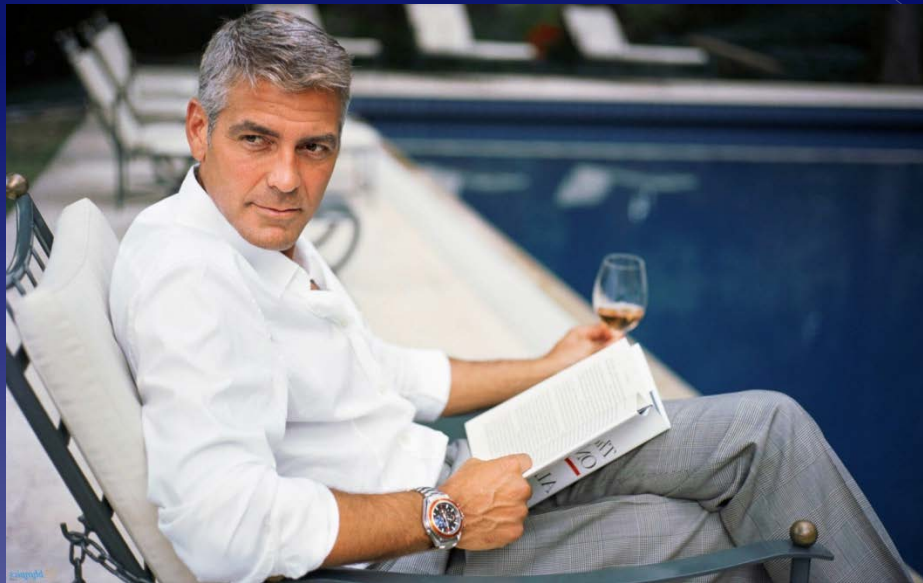

Anyway, the thing I most like about George Clooney is that he supports 35 charities, including UNICEF! He is such an open-hearted man!

# My Dream...

My dream is to become as famous an actress as he is and act in a film with him!

➡ I hope my dream will come true one day! He is the most handsome and talented man in the WHOLE world!!!

SO.....

*What else?*
