

My role model

My role model

- The person I admire the most is my mother. First, people say I look a lot like her. We also have our birthday on the same day!*

My role model

- She's beautiful and she always wears smart clothes. We spent plenty of time together and she's always there for me.*

My role model

- I feel so close to her that I tell her all of my thoughts and secrets. What is more, she's very patient and gives everything she has to make my life easier.*

My role model

- The thing I love most about my mother is her devotion to me and my family!*

My role model

- One day when I'm married and have children of my own I hope I can be as great a mother to them as my mum has been for me.*
