

Favourite movie characters

Hi! I'm Stamatis and here are three of
my favourite movie characters.

- My favourite movie character is Luke Skywalker. I love watching Star Wars movies. Last weekend I watched Star Wars episode 7 and it was really exciting. Luke Skywalker is my favourite character because he destroyed the superweapon.

- I always watch a series called “Nicky, Ricky, Dicky and Dawn”. The heroes of the series are four children. They want to help the others but they always get into trouble.

- I also like Indominus Rex in “Jurassic World” movie. I’ve always wanted to watch it and luckily I persuaded my parents to go and watch it. Indominus Rex was a very clever dinosaur and when he escaped he ate everyone who wanted to kill him. It was very scary!
