

# MY FAVOURITE FREE TIME ACTIVITY

My favourite free time activity is football. I like it because I usually play with my brother and because it is fun. Sometimes when I play football with my friends we cooperate so that we can score goals. I am the best football player of all the girls in my class because I can run really fast and score goals. Also, I am very good as a goalkeeper. Many girls are not very good at football so I help them to get better for the match against the boys. Football is the best activity ever because you can learn to become faster.
