

Recess Time

At my school, I.M.Panagiotopoulos School, at recess time the children go out to play in the school yard. The upper-grade children go to another school yard.

In the lower- grades' yard, the girls usually play hopscotch or other games or they hang around talking. The boys play football or hide and seek. Sometimes, they play basketball at the basketball court next to the canteen.

In the upper-grades' yard the girls just hang around and the boys play basketball. When the weather is bad, we either stay in the classroom and play board games or we go to the library.
