

SUPERSTITIONS

In Brazil

It's bad luck to let your wallet or purse hit the floor, as it means you will lose money.

In France

Stepping on dog's poop with your left leg is good luck. But it is bad luck if you step on it with your right foot

In Japan

In order to block the entrance of bad spirits to your house, you must enter your house through two piles of salt located on the right and left side of your door.

In China

Number 4 is incredibly unlucky because the word four in Chinese also means "death".

In England

- ▣ It is considered unlucky to walk underneath a ladder.
