HAPPY

Youth movement in the US during the 1960s
in San Francisco, California . The first hippies were studying in the
University of San Francisco . Another influence was the American
folk music movement which had a strong base in Greenwich
Village in New York and Berkeley in California!

HIPPIE

In 1969 the legendary Summer of Love took place on the West Coast of US and the Woodstock festival on the East Coast. Woodstock was one of the best-known rock festival that took place on a farm in Bethel, New York.

The cause that led many hippies to join the social protest was the Vietnam War.

One of the meanings of the word hippie is a person who wears the pants at the hip.

Both sexes tended to wear long hair and men had beards.

Some hippies wore Afro style, imitating blacks.

Around 1980 the hippie look became just a fashion style.
