

Clothes on the first day of school

On the first day of school at my school, people wear their best clothes and they want to look good. This is why they want their shirts to be ironed and their clothes to be clean. But after a week, they don't care about what they wear, so they wear comfortable clothes. Sometimes we also wear our school uniform when we have to go somewhere. I usually wear my favourite clothes like my Harry Potter shirt, my favourite jeans and my Vans shoes. But after a week, I don't care about what I'm going to wear and I wear comfortable clothes.
