

SCHOOL CLOTHES

The first day of school is a special day for everyone. At my school there isn't a dress code. Some children wear their best clothes, they even go shopping the day before to buy new things to wear especially girls. But some other children like me dress in their comfortable clothes. No one cares about your way to dress so you can wear anything you like without being afraid that someone will laugh at you.

My school uniform is a white shirt, blue trousers and one blue vest. The girls wear the same uniform but instead of trousers they wear a skirt. Luckily, we don't have to wear the uniform every day- only on school trips. I think that the uniform is uncomfortable and when I wear it I can't run or play with my friends. So, my ordinary clothes are usually jeans or tracksuit bottoms and a T-shirt and of course, my favourite blue jacket and trainers. I love my ordinary clothes and I hope that one day I won't have to wear my school uniform.
