

AN INCREDIBLE FEAT

by Chris Kremmydas

The craziest jump (they jumped from the top of the tallest building in the world)

Two veterans of these jumps, Fred Fougken and Vince Refet wanted to do their adrenaline hit red while entering the Guinness book. They climbed, then, on top of a skyscraper in Dubai, { 829.8 m}. Reaching the tallest building in the world. As if that was not enough, the "dip" was spectacular and they fell from a temporary platform that had been placed for this purpose.

To succeed, they were trained hard, jumping from mountains that were about the same altitude as making diving from helicopters in Dubai.
