

# An incredible feat

Dimitra Deligianni

- Giuliano Stroe was born in June 2004. He started training in gymnastics and weight lifting when he was just two years old in Italy. Giuliano Stroe is a Romanian gymnast and a child bodybuilder. He won the Guinness World Record in 2009 because he walked on his hand ten meters with a weight ball between his legs. He performed the hand-walk in front of a live audience on an Italian TV show and he became famous because of his videos on YouTube where he does his hand-walk. On February 24, 2010 he broke the world record for the number of 90 push-ups. He beat his previous record of 12 push-ups.
