

My dream destination by Artemis Drossou

My dream destination

My dream destination is Switzerland. I've heard lots of stories from my grandma and I've read a lots of books about this picturesque country. Here are the reasons why I choose this beautiful country.

First of all

First of all, Switzerland is a small country in the centre of Europe with a lot of mountain ranges and many lakes. Every winter in Switzerland there is snow and a lot of tourists visit the country for skiing. I'd like to go skiing in the Alps and play with my friends in the snow.

Secondly

Secondly, you can find many traditional dishes like fondue, raclette, Rösti, viande hachée and, of course, delicious chocolates.

Thirdly

Thirdly, I'd like to see a tennis match with Roger Federer because tennis is my favourite sport.

Also

Also, in the summer you can swim, sail and go fishing in the lakes.

Finally

Finally, I'll be able to practise my French during my holiday. I hope I'll visit Switzerland very soon.
