My dream destination

- To start with, England is a small but a picturesque country in the northern hemisphere and it has lots of tourist attractions. First of all, I'd like to see the "Harry Potter Studios"!!! I've heard that the studios are wonderful. There you can see some sets of the movies. Also, I want to visit the London Eye and I think that it will be a perfect experience.

My dream destination

- Secondly, one sport that British people love to play is golf. I like golf and I would like to learn how to play it. In Greece people don't play golf so much ,so they don't know how to play it.
- Thirdly, in London it's usually rainy and I love this weather. This is another reason why I want to visit London.

My dream destination

- Finally, I 'll be able to practise my English during my holiday. Also, I want to have another trip abroad together with my family. And if we managed to travel to London, I would be very happy !!!!
