

An aerial photograph of London, England, taken during the "golden hour" of sunset. The sky is a mix of soft pinks, oranges, and blues. In the foreground on the left, the Elizabeth Tower (Big Ben) is illuminated. The River Thames flows through the center of the city. On the right bank, the London Eye is a prominent feature, its structure glowing. The city's buildings are densely packed and their lights are beginning to turn on, creating a warm, inviting atmosphere.

MY DREAM DESTINATION!!!

By Elena Pitsikou

LONDON

- My dream destination is London because I want to visit the London Eye.

The London Eye is a giant Ferris wheel and it is on the South Bank of the River Thames in London . It was created by Coca Cola. The height of it is 135metres and you can see the whole London.

THE
END
