

# MY DREAM DESTINATION

by Elisabeth Chondrogianni

I would like to visit Dubai, because it's a very beautiful city with a lot of interesting scenery. The interesting thing is that most of the scenery is artificial.

First of all, I want to swim with dolphins, when I go there. In Dubai, there is one of the most famous hotels in the world, where you can swim and play with dolphins.

Secondly, I would like to go skiing in Dubai's artificial ski center. They have created an artificial mountain with fake snow. While it is very hot outside, in the ski center the temperature is very low.

Finally, in Dubai there are a lot of high and special buildings. There are also some artificial islands that I want to visit.

For all the above reasons, I would be very happy if I could visit Dubai. However, it is a very long and expensive trip, so I'll probably have to wait for a while before I can go!!!
