

The final countdown

«We're leaving together, but still it's farewell and maybe we'll come back...»

I heard this song for the first time in a basketball game. I was a player in the basketball team of Asteras and we were playing in the finals in order to climb category. It was a very important game. During the game, this song was playing in the court. The court was full of people who were clapping and cheering every time we scored. It was great! We finally won the game, so whenever I hear this song I remember this fantastic game.
