

“What a Wonderful World”

Louis Armstrong

I see trees of green, red roses too

I see them bloom for me and you

And I think to myself what a wonderful world

“What a Wonderful World” is one of my favourite songs. It speaks about the blue sky, the rainbow, the trees and the flowers. It’s full of nice pictures of nature. It also speaks about friendly people who always laugh and love each other. I like it so much, because it makes me feel happy!!!
