

RECESS TIME

By Stamatis Koulouridis

- Recess is everybody's favourite time at school. We do different things during the breaks every day.

- Most of the times we prefer to play hide and seek or run around the school yard. It's our favourite game.

- Sometimes girls and boys play together but some other times they play different games. Boys prefer to run around and do sports while girls spend their time talking and walking around.

If only I
could go
out...

- When it's rainy or very cold we all stay in the class and we watch videos on youtube. We would like to go out but the teachers don't let us...Perhaps they don't know how fun it is to play in the rain...

THE END
