

“What do you usually do at recess at your school?”

We talk, gossip, play and well...eat!

We sometimes go to the library too, to borrow books.

“Do boys and girls do different things?”

No. In fact, most of the times, boys and girls play together. But, PE is when they separate us. The boys play football and the girls play volleyball (BTW I HATE FOOTBALL).

“What do you do when the weather is bad?”

Usually, when the weather is bad, we stay in class or at the hallways. We don't go out except if we want to go to the canteen. In that case, we get our umbrellas (or someone else's) and get our food.
