

At recess I usually play 'tag' or hide and seek. The girls sometimes discuss and play some interesting games. The boys of my class play 'tag', but they rarely play hide and seek.

Sometimes we have the chance to discuss with our teacher about our problems.

When the weather is bad, we go to the school library. Also, we remain in the classroom and watch videos or listen to music.

At recess we also have time for a snack and we drink some water.

I like recess very much.
