

What do you usually do at recess at your school?

At recess at my school I usually play hide and seek with my friends. Sometimes, we run or we just walk up and down at the school yard. Once a week our teachers let us play with balls during the recess, so we play football and basketball.

Boys and girls don't do the same things at the recess. For example, girls hate running! Even in PE, they are bored. Instead, they prefer to gossip all the time. When the weather is bad, we go to the school library . There we can play chess or computer games.
