

*My friends and I usually play 'tag' because we like to run. We play at the school garden.*

*Girls don't like running so they usually talk to one another, and they walk.*

*When the weather is bad, both boys and girls stay in the classroom and they watch movies. We usually see movies of Petit Nikolas and Mr.Bean.*

*It is better to play with my friends than to watch movies.*

*In Athens the weather is very good and shiny so I am lucky. I can play 'tag' with my friends almost every day.*
