Information!

- Free white lions live in South Africa.
- And we can see white lions in the zoo, too.
- Like all lions, white lions eat meat.
- They look like lions, but they are white!
- They like to rest and they also like to hunt animals and eat them.

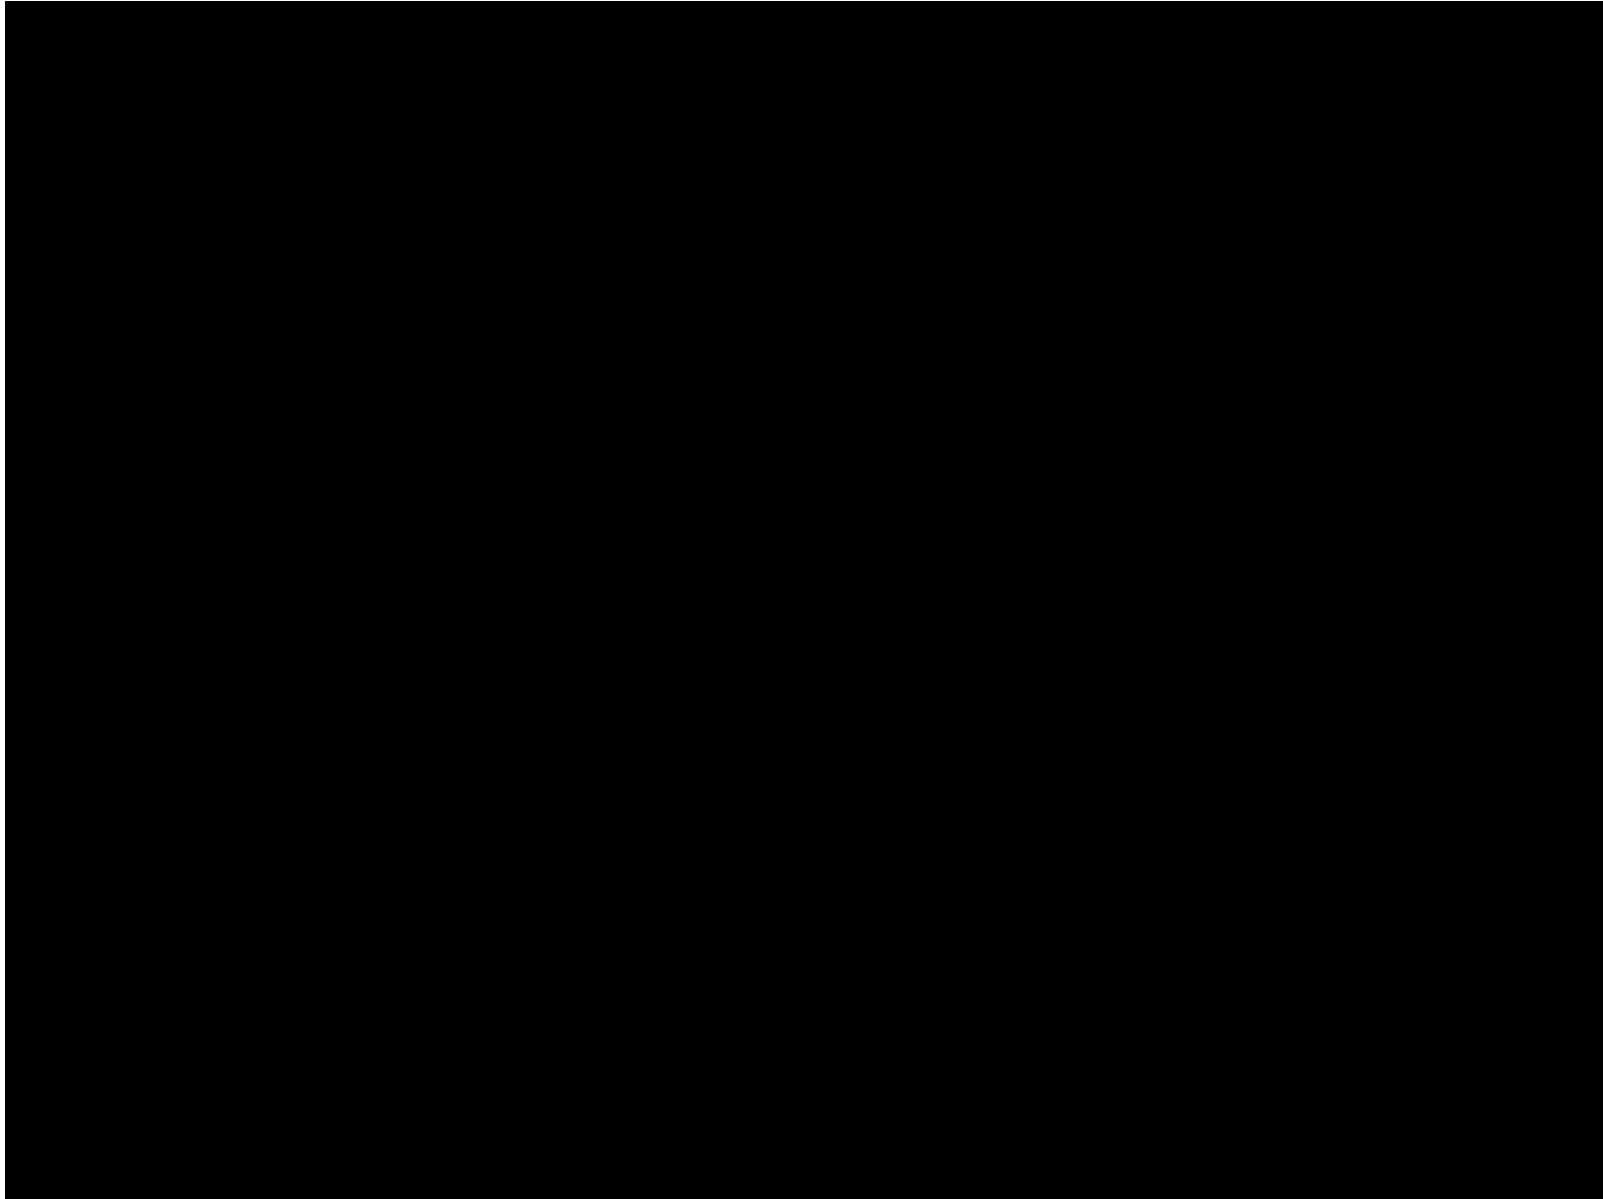

More information!

- The white lions are not as good hunters as the other lions, because the animals can see their white color.
- Baby white lions are very beautiful and cute!
