

WHICH COUNTRY DO I WANT TO VIST AND WHY?

*The country I want to visit is the **USA** (United States of America). Some people call it **the United States** (US) or simply, America. I want to go there for many reasons:*

The first one is that my cousins live there and they have told me that it is a perfect country to visit on your holidays.

*The second reason I want to visit the US is because I love Disneyland and I have been in **Disneyland** in Paris so, now, I would like to visit the American Disneyland.*

*The third and last reason is because I want to visit the Caribbean, as I have watched and liked very much the movie "**Pirates of the Caribbean**".*

The fourth and last reason why I want to visit America is because I was thinking to go and study there!!!
