

France

I would like to visit France because I have heard a lot of things about it.

I have heard that the country's capital, Paris, has a lot of beautiful places like l'Arc de Triomphe and la Tour Eiffel.

France is also known for the Alps. Every winter many people go to the Alps to ski or snowboard. Also, France is known for the region Champagne, because champagne is made there!

Moreover, France has a rich culture, which can be seen in music and architecture. The most beautiful museum in

France and Europe is le Louvre with amazing works such as Milos Aphrodite and Mona Lisa. During the 15th and 16th centuries, French aristocrats built beautiful châteaux in some places like Bordeaux and others regions in France.

Finally, I would like to go to a match of Paris Saint-Germain.

Above all, I really want to go to France to practise the language I'm studying at school.
