

The country I would like to visit is the

United States of America.

It is one of the largest countries in the world, in the west. In America, when I go, I will visit the Statue of Liberty and the Times Square in New York. I would also travel by train or bus from city to city to get to know people's habits, visit their neighborhoods and learn about their everyday life.

Then, I would like to go to Florida to visit the headquarters of NASA and to watch a live rocket launch.

Another reason I would visit the United States is to communicate in English so I can learn to talk more easily and faster this international language.

Finally, I would like to live in America because it is a very big country and offers many job opportunities.
