

My favourite country is France, which is why I'm learning French at school. I especially like Paris because it is the City of light and has many sites to visit such as the Cathedral of Notre Dame, the famous Louvre Museum, the Seine River and the Eiffel Tower.

I would like to visit all these places because my sister is studying there among other reasons. First of all, I want to go to the Eiffel Tower because it is very old and picturesque and I would also like to visit the Louvre Museum to see the famous Greek statue of Venus of Milos along with the famous Renaissance paintings there. In addition, I also wish to see the Arch of Triumph because it runs on twelve different roads. Finally, many people say that the French make the best sweets in the world. I think that the French cuisine is absolutely delicious!

In conclusion, I believe France is a lovely country with many fascinating things to offer to any visitor!
