

THIMUN 2018

During the past 3 years I have participated in quite a few MUN conferences and yet, THIMUN 2018 was the most wonderful of all! It was unique, majestic, and addictive!

Throughout the week sessions, I was called to represent Barbados in the Disarmament Committee and that was truly unforgettable. Suspense, anxiety for the result of each vote, passion, dedication, excitement and nostalgia are some feelings that can describe this conference. It was, without a shadow of a doubt, an eye opener due to the simple fact that I got to meet people from all around the world. THIMUN is a conference that any MUNer should **not** miss!

The Delegation of Barbados yield the floor to the chair...
