

THIMUN CONFERENCE 2018

By Odysseus Perantzakis.

From the young age of 13, I was able to participate in my first MUN conference. I was terrified of the idea that I would have to discuss and present my arguments in front of a large audience. In time, though, I discovered the beauty of MUN and debating in general. This year I had the honor of participating in THE HAGUE INTERNATIONAL MODEL OF UNITED NATIONS (THIMUN). This conference had nothing to do with anything else I had imagined. There, I met people from all around the globe and made strong bonds that will last forever. I debated for and against topics that have a major importance in our global community, but, most of all I lived an experience that I will remember for the rest of my life. I learned that anything is possible if you believe in yourself!!
